

TYLER C. ERBEN

This IDIOT **KILLED** 4000 salmon and destroyed the salmon sanctuary by his **STUPIDITY AND ARROGANCE!** If you see this person on the property please call 911.

All of the eggs had hatched and were getting stronger before released into the creek to start their journey. He cut off their water supply and they all died.

All the employees and their kids were very upset by the destruction. Frank Lumber "The Door Store" have been working on this project for seven years. Releasing approximately 8000 salmon a year.

Because of this person's stupidity and arrogance to the property, we are forced to change the rules of this property, **not allowing** people to drink alcohol or smoke and no one is allowed on the property after dark.

Cameras are now on the premises! SMILE!!!

PS: We would have loved to keep this property as it was! But because of the damage to the property, we had to change the rules.

SORRY! THE OWNERS OF THE PROPERTY.
